# Forward Looking Statements Disclaimer

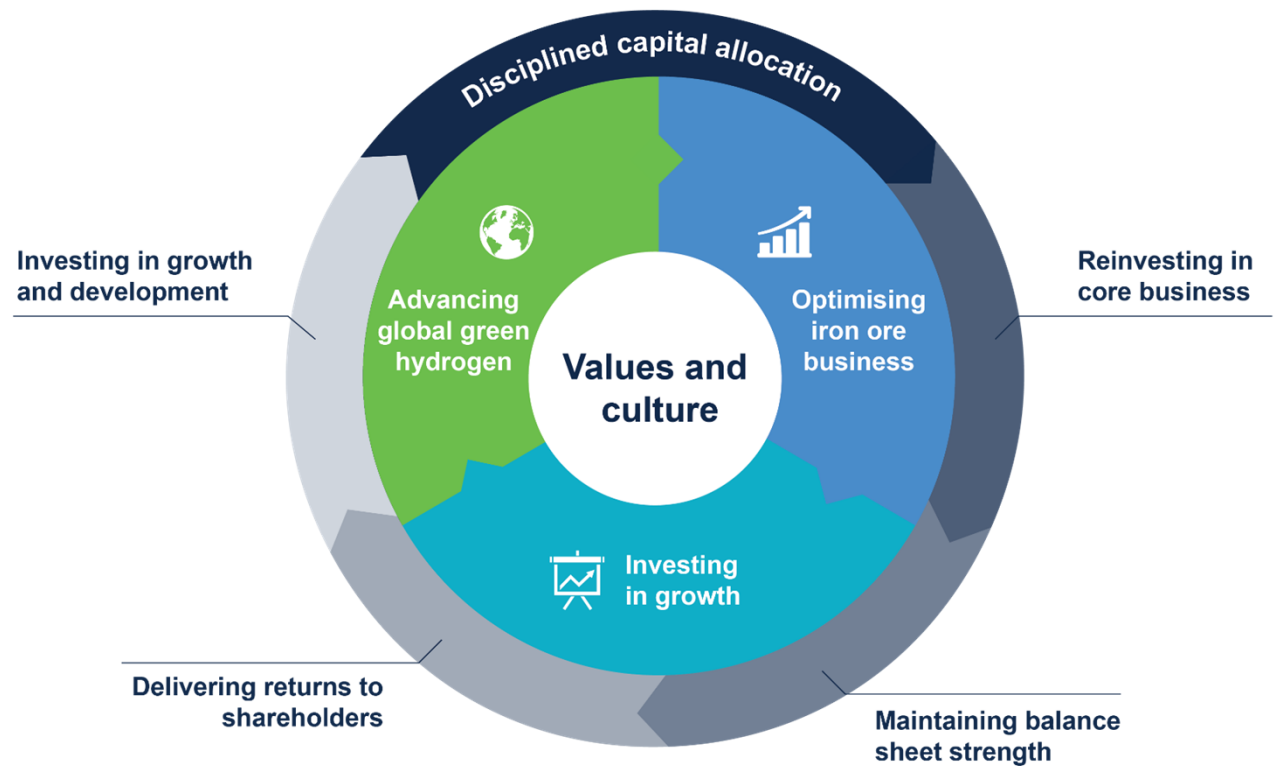

## Important Notice

The purpose of this presentation is to provide general information about Fortescue Metals Group Ltd (“Fortescue”), including general information in relation to Fortescue’s wholly owned subsidiary Fortescue Future Industries Pty Ltd and its subsidiaries (collectively “FFI”). It is not recommended that any person makes any investment decision in relation to Fortescue or FFI based on this presentation. This presentation contains certain statements which may constitute “forward-looking statements”. Such statements are only predictions and are subject to inherent risks and uncertainties which could cause actual values, results, performance or achievements to differ materially from those expressed, implied or projected in any forward-looking statements. No representation or warranty, express or implied, is made by Fortescue or FFI that the material contained in this presentation will be achieved or prove to be correct. Except for statutory liability which cannot be excluded, each of Fortescue and FFI, their respective officers, employees and advisers expressly disclaims any responsibility for the accuracy or completeness of the material contained in this presentation and excludes all liability whatsoever (including in negligence) for any loss or damage which may be suffered by any person as a consequence of any information in this presentation or any error or omission therefrom. Each of Fortescue and FFI accepts no responsibility to update any person regarding any inaccuracy, omission or change in information in this presentation or any other information made available to a person nor any obligation to furnish the person with any further information.

## Additional Information

This presentation should be read in conjunction with the Annual Report at 30 June 2021 together with any announcements made by Fortescue and/or FFI in accordance with Fortescue’s continuous disclosure obligations applying to it as a company listed on the Australian Securities Exchange. Any references to reserve and resources estimations should be read in conjunction with Fortescue’s Ore Reserves and Mineral Resources statements released to the Australian Securities Exchange on 27 August 2021. Fortescue confirms in the subsequent public report that it is not aware of any new information or data that materially affects the information included in the relevant market announcement and, in the case of estimates of mineral resources or ore reserves, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. All amounts within this presentation are stated in United States Dollars consistent with the functional currency of Fortescue and FFI, unless otherwise stated. Tables contained within this presentation may contain immaterial rounding differences.

# Fortescue – a world class company

FORTESCUE  
FUTURE  
INDUSTRIES

# Fortescue Future Industries

- Taking a global leadership position in the **renewable energy** and **green products** industry
- Harnessing the world's renewable energy resources to produce:
  - **renewable electricity**
  - **green hydrogen**
  - **green ammonia**
  - **green iron**

**“Through FFI, Fortescue is diversifying from a pure play iron ore producer to a green renewables and resources company.”**

# Carbon neutral by 2030

## Rail

- ✓ Successful combustion of ammonia in fuel
- 

## Shipping

- ✓ Design and construction of a combustion testing device large marine engines
  - ✓ Design of next generation ore carrier that will consume green ammonia
- 

## Drill rigs

- ✓ Design and construction of hydrogen powered drill rig

# Carbon neutral by 2030

## Haul trucks

- ✓ Testing of battery cells
  - ✓ Design and construction of hydrogen powered truck
- 

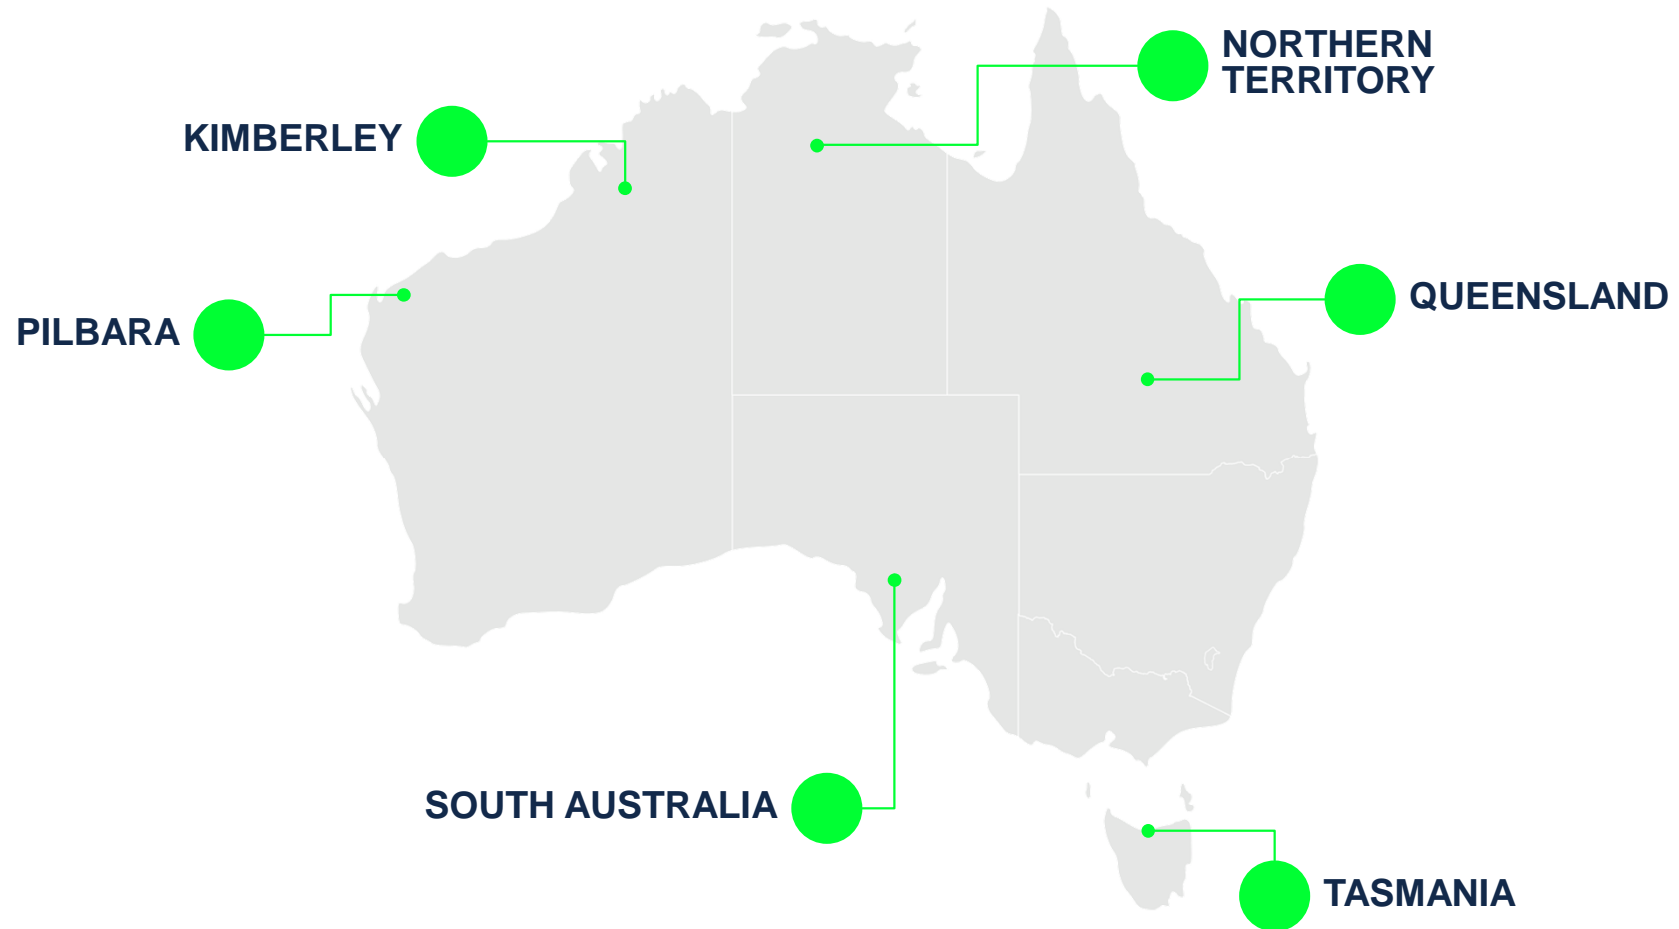

## Green iron

- ✓ Successful production of high purity (>97%) green iron
- 

## Green cement

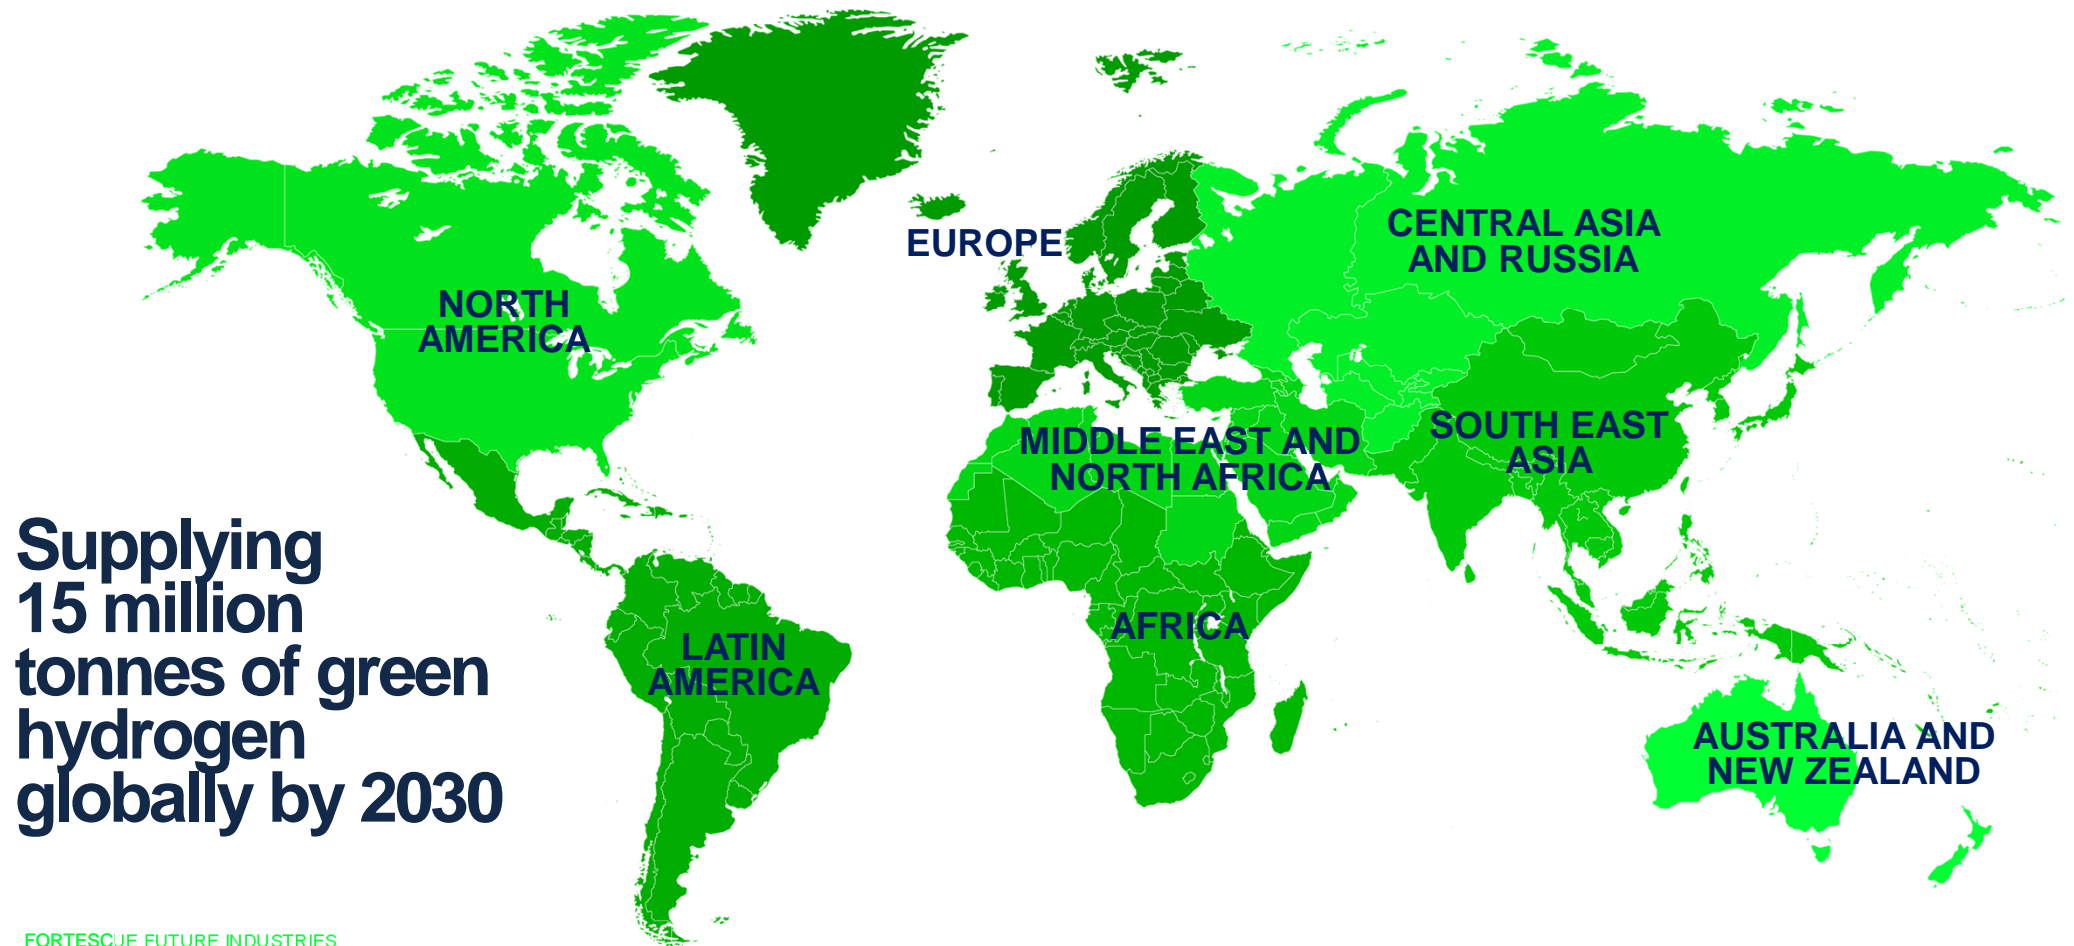

- ✓ Successful initial trialling to use waste from green iron process to make green cement

# Domestic projects

# Delivering energy security

# Our thriving communities

## Equal education outcomes

For boys and girls, driving employment equality

---

## Zero forced, bonded or compulsory labour

---

## No modern slavery

In their formal and informal workforces

---

## Zero forced marriage

Zero child marriage

# The future

- Public demand for renewable green energy must be coupled with **energy security**
- FFI has the **track record, resources** and **capability** to become a major renewable green energy supplier
- **15mtpa of renewable green hydrogen by 2030**
  - a catalyst for future green energy security
